Period:

For this organizer, use information from p.57 of your textbook. Write or draw in the appropriate sections the following things:

Section 1—write the type of organism (consumer, producer, decomposer)

Section 2—write how that type of organism gets its food

Section 3—drawings of 2 examples of that type of organism

Structure and Function in Living Systems
Dine-in, Take-out, or Delivery?

Name:
Period:

When you phone up a pizza place, you probably will get the question:

“Will that be for dine-in, carry-out, or delivery?”

How would a pizza-maker doing “dine-in” be like a producer?

How would you getting “take-out” be like a consumer?

How would you eating “delivery” be like a decomposer?
