

# Killer Laundry

Name:

Period:

As you watch the Mythbusters experiment, think about how you know that they are doing science. In each of the four boxes below, draw examples from the experiment that show the Mythbusters doing science. Under your drawing, finish the sentence to explain why you know they are doing science.

I know they are doing science because...

I know they are doing science because...

I know they are doing science because...

I know they are doing science because...
